1. Availability may vary by location and must purchase Express or Priority service. 2. During an off-site shredding service, your Shred-it Customer Security Representative will pick-up your documents and transport them to our secure facility for shredding. 3. During an on-site shredding service, your Shred-it Customer Security Representative will pick-up your documents and destroy them in our mobile shredding truck while at your location.

We protect what matters.

Shred-it™ is a Stericycle solution.
