

# “Don't bin it, Shred-it.”

Making sure  
it's secure.™

## Protect our organisation

Mishandled information can have serious repercussions for our organisation, employees and our customers. Privacy breaches can lead to bad press, damaged reputation, loss of trust from customers, large financial penalties and loss of business.

Please handle confidential information appropriately. Don't bin it, put anything containing sensitive or confidential information in the Shred-it security consoles for safe, secure destruction.

## Protect our environment

All shredded paper is recycled. Fill a console twice and save one tree through recycling.
